# Alicia LMS

A Cybersecurity Integrated Digital Leave Management System With Real-Time Intrusion Alerts For Local Government Unit Of Alicia

## User Manual

## About This User Manual

This User Manual provides step-by-step instructions for using the Cybersecurity Integrated Digital Leave Management System With Real-Time Intrusion Alerts of the Local Government Unit of Alicia. It is intended for authorized LGU personnel: employees who file leave, HR personnel who process it, Department Heads, the Municipal Mayor, and the System Administrator.

The manual covers the actual operation of the system on the LGU local network. Leave is approved by HR in a single step; the Department Head and the Municipal Mayor do not approve leave inside the system.

PROVINCE OF ISABELA

Leave Management System

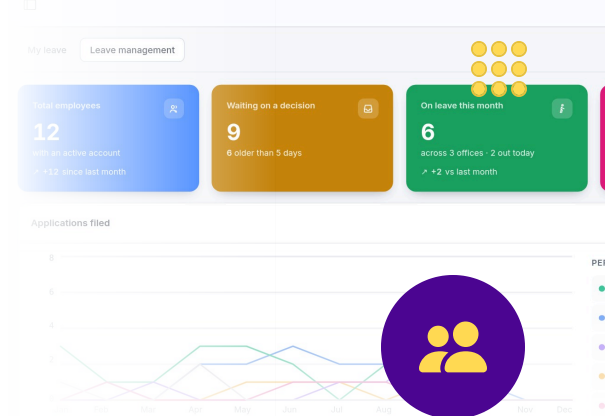

# System Overview

The LMS replaces the paper-based leave process. Employees fill in CSC Form No. 6 on screen, HR reviews and decides it, and leave credits are computed and deducted automatically. Every sign-in and important action is recorded, and suspicious requests are blocked and reported to the System Administrator in real time.

- Digital CSC Form No. 6 leave application
- Automatic working-day and leave-credit computation
- Single-step HR approval with remarks
- Approval timeline and notifications
- Printable CSC Form No. 6 on Legal, Folio, A4 or Letter
- Leave, office and security reports (PDF / Excel)
- Two-step sign-in with an emailed one-time code
- Role-based access for five user roles
- Audit and activity logs
- Intrusion detection, IP blocking and real-time alerts

Positive adds days, negative deducts them.

**Reason for this adjustment**

The employee sees this on their credit history, so write it for them.

**Apply**

1. Search for an employee.
2. Filter by department.
3. Click Adjust.
4. Leave credits per leave type.
5. Days to add (or a negative number to deduct).
6. Reason for this adjustment (required).
7. Click Apply.

A balance never goes below zero.  
Every adjustment appears in the employee's credit history.
